

Office Financial Policy

Thank you for choosing our office. Our primary mission is to deliver the best and most comprehensive dental care available. An important part of this mission is making the cost of optimal care as easy and manageable for our patients as possible by offering several payment options.

Payment Options:

- Cash, Check, Visa or Mastercard, Discover Card

For patients without Dental Insurance, we offer a 5% courtesy accounting adjustment when fees are paid in advance by check or cash (2% for credit card). This courtesy accounting adjustment is available on treatment plans of \$500 or more.

- Convenient Monthly Payment Plans¹ from CareCredit

- o Allow you to pay over time
- o No annual fees or pre-payment penalties

Please note:

Our office requires payment in full the day of your appointment for treatment plans of less than \$500. For larger, more comprehensive treatment plans of \$500 or more, a 50% deposit is required the day of your initial treatment appointment, and the remaining 50% is due by the completion of the treatment plan. For orthodontic or extended implant work, the remaining 50% is to be paid in up to 3 equal monthly payments following your initial treatment appointment.

If you choose to discontinue care before treatment is complete, your refund will be determined upon review of your case. In addition, no further treatment, other than emergency, will be started until this agreement is satisfied.

For patients with dental insurance we are happy to work with your carrier to maximize your benefit and directly bill them for reimbursement for your treatment.²

Our office charges up to \$50 for returned checks.

If you have any questions, please do not hesitate to ask.
